

Ryan O'Leary - Caldwell HS - 11/17/17 2nd Pd Honors 9th gr.

- Alright, guys, as lets do today...
Calls people by rows to get computers...

* what are they to do?

"Alright, guys, see..."

Groups by 3 - still quite a bit of chatty -

* get them quiet & you shouldn't need to repeat

\$ write
or hear

* You must make sure you have everyone's attention before you
repeated or give instructions; → for example, they didn't hear they have
to share w/ Mrs. A.

Don't be too chill w/ expectations -

- if it needs to be works cited... it needs to be there!

• Grammar is not up to random choice...

Please use time diligently...

↳ what does that look like? →

* how do you make sure this isn't random taking day?
(so far it seems to be @ 9:15)

↳ maybe too self-directed

↳ will they comment in the doc? (Global Feedback?)

↳ can you model this?

↳ have they done peer edits before?

↳ how to give good feedback? take good feedback?

Better in
3rd -

circulate
the job
giving

when Do you Begin @ Compass;

instructions...

"that's pretty lame"

→ try to ~~not~~ avoid -
(disability bias?)

Also No! you cannot put a bunch of sentences together with
commas & be okay → it's still a run-on!!!
